

GIFT CARD TERMS AND CONDITIONS

A Gift Card is valid for 6 months, as of the date indicated in the purchase receipt.

To use a Gift Card, please make a reservation for the restaurant at least 48 hours in advance. Use of the Gift Card and the consequent reservation will be subject to availability at the restaurant on the requested reservation date. The Gift Card cannot be used for special events, planned by the restaurant.

Please always indicate the Gift Card number when making the reservation. On the respective reservation day, you must present the original Gift Card in perfect condition.

Each Gift Card is valid for two people for a single utilization and includes, for each person, one hors d'oeuvre and one tasting menu. It also includes a selection of drinks chosen by the sommelier, if such is specified on the card.

The advance reservation may be altered provided the restaurant is notified at least 48 hours in advance of the respective reservation, at which time the Gift Card number and reservation date must be indicated.

In the event of a no-show or reservation cancellation less than 24 hours in advance, the Gift Card will be regarded as having been used. If the Gift Card is lost, stolen, not used or deteriorated, its beneficiary cannot request any compensation or reimbursement, and the card will be for all purposes regarded as having been used.

Gift Cards cannot, under any circumstance, be converted into money and are not reimbursable. When the validity date expires, the Gift Card will automatically be deemed as having been used, even if the respective gift has not been used.
